DETAILED ACTION

Claims 1-17 and 19-22 are pending in the instant application.

Previous Claim Objections

Claims 1-16 and 19-22 were previously objected to for containing elected and non-elected subject matter.

The non-elected subject matter is still present in the claims, and the objection is maintained. Due to the lack of unity and the limitations of the available searching software, the search cannot be expanded from the point set forth in the previous action.

Previous Claim Rejections - 35 USC § 112

Claims 1-16 and 19-22 were previously rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The Applicant's arguments have been considered and have been found to be persuasive. The rejection is withdrawn.

Claim Objections

Claims 1-16 and 19-22 are objected to for containing elected and non-elected subject matter. The non-elected subject matter has been identified previously.

Conclusion

Claims 1-16 and 19-22 are objected to.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
